ARKANSAS FLOODED.

One-Fourth of Van Buren Under Wa-

Van Buren, Ark., May 9.-The worst flood known since 1844 is devastating the Arkansas valley, and towns along the banks of that stream are submerged, while many farm buildings are affoat. One fourth of the resident part of the city is eight feet under water. River-side and Babylon, two densely settled suburbs are under water and several residences have fallen into the river. Every foot of dry land is crowded with household goods. Thousands of people have been driven from their homes and are being sheltered here. The Missouri, Kansas and Texas, and Iron Mountain systems are tied up in the Indian terri-tory. Hundreds of thousands of dol-lars damage has been done to plantations in Crawford county.

100 COTTAGES BURNED By an Incendiary Fire at a New York Summer Resort.

Gloversville, N. Y., May 9.-Over 100 cottages at Scandage Park, Fulton county, a popular summer resort 18 miles north of here have been destroyed by fire, probably of incendiary origin, The cottages were all frame structures, built closely together.

Lieut. Smith has wired the war department asking what disposition shall be made of the volunteers as soon as they are mustered in. He will probably hear today, and it is believed that the troops will be moved to Leavenworth by battalions. The First battalion may be ordered to Leavenworth tomorrow. be ordered to Leavenworth tomorrow afternoon or Wednesday morning. The troops will be taken over by rail and

OLD SOLDIERS WORKED HARD To Make Reception to the Volunteers What It Should Be.

What It Should Be.

The busiest people last week were those of the G. A. R. escort provided to receive the incoming troops and conduct them to camp. It originated with Capt. A. M. Fuller, who was ably assisted by Rev. M. F. McKirahan and Geo. McCaslin of Lincoln post. The drum corps was composed of one fife, six small and one bass drum. They began their work Tuesday and kept it up night and day until Saturday evening. Part of the time they marched through rain and mud but they never failed to meet a company if they could hear of its coming in time. The escort of old soldiers varied from a dozen to fifty.

Wednesday night it rained so hard that drummers and escort were dismissed, but word came that a company would be in at \$30 on the Santa Fe, and one at 10:30 on the Rock Island. All the drum and the last read that Day Mr. McKies.

one at 10:40 on the Rock Island. All had gone to bed but Rev. Mr. McKirahan and Geo. McCaslin. They secured the colored drum corps from an entertainment, one took the Santa Fe and the other the Rock Island and met the companies, and they were escorted to companies, and they were escorted to

camp in good style.

The captains here expressed the greatest pleasure in their reception, and are hearty in their praise of the veteran escort. Saturday afternoon the comrades were severely tested. Three companies were to land, one each at the Santa Fe. Union Pacific and Rock Island depots. When the escort reached the state house from the Santa Fe, they had but fifteen minutes to get to North Topeka. They captured an express wagon, boarded it and with drums beating and flags flying they reached the depot just as the train with the Hays City company pulled in. These were escorted to the state house, and then there were but ten minutes to get back to the Rock Island. Another express wagon was captured and the big amp in good style. press wagon was captured and the big horses went galloping back with the drummers and comrades in time to meet the Marion boys. For five days and nights this escort kept at its work and won for Topeka credit for doing up things in such spiendid style.

FIRING CAPTAINS.

A Great Big Sensation Caused by Rejection of Volunteer

> There is a clash between the state and the United States government. The former is represented by Gov. Leedy and the latter by Lieut. Clarke, the United States officer now in this city mustering the volunteers into the service of the government.

Captains.

The clash is on the question of a pension disqualifying a man to hold a po-sition as either a line or field officer. sition as either a line or field officer. Lieut. Clarke holds that a man drawing a pension from the government cannot hold a place as a line or field officer.

Gov. Leedy holds the other way, and he has telegraphed Secretary Alger in regard to the matter. In the meantime he intends to ignore Lieut. Clarke's opinion, and today will issue commissions to all captains and lieutenants elected by the members of the different companies regardless of whether they are young men or veterans of the civil war.

war.

Sunday Lieut. Clarke rejected Capt. Boltwood and Lieut. Park of the Ottawa company on the wound that they were drawing pensions for physical disabilities; he could not muster them in as physically perfect. This morning he rejected Capt. Elliott of the Coffeyville company on the same ground.

"I don't believe that the fact of a man drawing a pension disqualifies him in any way from being an officer," said Gov. Leedy today, "and I shall commission Capt. Boltwood and Lieut. Park and Capt. Elliott today regardless of the opinion of Lieut. Clarke. I don't think the war department means that he should look at the matter in that light, for I understand that practically all of the men who will be appointed all of the men who will be appointed to the positions of major generals will be veterans of the late war. The simple statement of their disabilities on the muster roll will be sufficient to prevent them from drawing additional pensions for the same disabilities should any of them want to do so, and that is the on-ly ground for objection that I can see." Gov. Leedy expects to hear from Sec-retary Alger today, and will probably make no further appointments until the reply is received.

"THE PIE WAGON." How the State Journal's Special Supplied by Topeka Ladies Was

Received. Received.

As a result of the call made by the State Journal Friday evening a big wagon load of "extras" for the Sunday dinner of the soldier boys at Camp Leedy was taken to the camp Saturday evening.

The "extras" consisted of cakes, pastry, fried chicken and fruit.

The wagon was loaded and left the State Journal office at 5:30 Saturday evening, and a half hour later the supplies were unloaded at the quartermaster's department in the old Exposition building at the fair grounds.

When the wagon left the State Journal office banners bearing the following notice were tacked on either side:

This wagon is loaded with Pies, Cakes,etc., donated by the ladies of Topeka for Sunday dinner "extras" for the soldier boys and sent to the State Journal for distribution at camp.

When the wagon reached the picket line of the camp a group of volunteers were standing at the entrance, and the inscription on the wagon's sides at once caught their eyes. In a moment they started to cheer, and as the wagon passed through the line of tents on its way to the Exposition building the volunteers in camp followed their example. There was continuous cheering as the wagon passed through the camp.

"Hurrah for the ladies of Topeka!" shouted a big volunteer standing in front of the major general's tent as he read the wording on the banner. "Good for the State Journal!" cried another, "We'll think we're at home toraorrow," said another. When the wagon reached the picket line

think we're at home tomorrow, other.

At almost every tent the wagon loaded with provisions was greeted with similar remarks. "Say, isn't this Sunday?" said a young volunteer sitting on the ground in front of his tent eating his rations from a tin plate. "Let's have the 'etc.' to-a tin plate. "Let's have the 'etc.' to-a tin plate."

him. At the Exposition building the supplies were taken charge of by Major General Charles McCrum, and under his direction they were distributed to the volunteers A volunteer expressed the feelings of all when he said: "Gosh! if every day'd be Sunday by and by."

LET US RENAME IT.

Change the Name of Western Avenue to Dewey Boulevard.

Topeka might fittingly celebrate the Spanish victory at Manila by renaming Western avenue Dewey avenue or Dewey Boulevard. There is already a West street, a few blocks beyond Western avenue and the existence of two thoroughfares so nearly alike in name seems superfluous. Western avenue is one of the wide avenues and could be made a boulevard with a grass plat and trees down the center,

Many cities, notably Chicago, have their beautiful boulevards and they are really more ornamental to a city than the parks. If Western avenue were made a boulevard, it would at once raise the price of property along that street.

Let Topeka commemorate the mos brilliant naval victory in history by naming Western avenue "Dewey Boulevard." Let the city council take up the matter at its next meeting.

EXCURSION TRAIN WRECK.

Three Cars on an Ohio Road Shattered and a Passenger Killed.

Columbus, O., May 2.—By the accidental turning of a switch here Sunday afternoon an excursion train on the Akron road was wrecked, three cars shattered and one man, Risen Fry of Louisville, O., killed and two others injured.

The train had come in from the east and the south in the morning to visit Camp Bushnell in this city, and was one of thirty-seven trains which came in as specials during the day. It had 17 cars packed to the guard. As the engine left the track it plowed down a steep embankment and turned over in a ditch. The engineer and fireman escaped with slight injury by jumping. As the engine roiled over she pulled with her three of the cars, which were completely destroyed. The first was turned on its side in the ditch and the frightened passengers were pinned in their seats after having been given a considerable shaking. The second car landed against a freight car on the side-track and was spilt open, while the third car was torn from its trucks. When the concussion came Risen Fry, the dead man, was standing on the back platform of the first car.

Constance Hofier and Fred Bickerhoff of Louiston were painfully bruised. Several others were slightly scratched. Three Cars on an Ohio Road Shatger-
